Russ Winter of Winter Watch published an article earlier this month (December, 2021) about the FBI declassifying files on a CIA group called "The Finders" and the McMartin preschool Satanic child trafficking case in Los Angeles in the 1980s.

We have referenced this case and the secret CIA group *The Finders* in the past here at *Health Impact News*, as former FBI Chief Ted Gunderson was actively involved in this case, which we referenced in our June, 2020 article, *Unmasking Who is Behind the Plandemic and Rioting to Usher in the New World Order*.

After retiring from the FBI, Gunderson set up a private investigation firm, Ted L. Gunderson and Associates, in Santa Monica. In a 1995 conference in Dallas, Gunderson warned about the proliferation of secret Satanic groups, and the danger posed by the New World Order, a shadow government that controls the U.S. government.

Gunderson discovered that in the U.S. there is a secret widespread network of groups who kidnap children and infants, and subject them to Satanic ritual abuse and subsequent human sacrifice.

One of those groups is The Finders, which Gunderson said is operated by the CIA. He wrote a book on The Finders, which can still be downloaded from his website (Ted Gunderson died in 2011).

This is the same CIA group that the FBI just declassified many of the files from their investigation into The Finders, although many names remain redacted to protect the guilty. (See below.)

Gunderson traveled around the country giving lectures about his work, which included cases that led him to discover the hidden groups involved with the Satanic Occult, which included child sex abuse and child sacrifice. His general lecture was about 4 hours, but there is one lecture still available today where he condensed this down to just a little over one hour.

At the end of this lecture, Gunderson has a woman named Linda Weigand come up and give her testimony. As he introduced her, Gunderson said:

> This is one of the most classic examples of corruption, I have ever seen. And believe me, you can tell from my lecture, that I've seen some pretty awful examples of corruption.

We have extracted Linda Weigand's testimony from his lecture, but I have to warn you, **this is very GRAPHIC**, and very evil. It will disturb

The vehicle that is used by the U.S. Government and the CIA to traffick these children and run these Satanic ritual abuse networks, is the government funded Child Social Services and Foster Care network, most commonly known as “CPS” (Child Protection Services).

can only be system, so apped, from their parents to meet the demand for children in this evil, Satanic system, which is mostly operated by Christian Churches collecting funds from the Government.

Many people have courageously tried to expose this evil system that exists in every state and every county within the U.S., and sadly, many of them are now dead.

In 2009, Bill Bowen released a trailer for a documentary film he was producing exposing the corruption within Child Protection Services across the United States. The film is called *Innocence Destroyed*.

Bill Bowen died unexpectedly the next year, in 2010, reportedly from a heart attack, before he was able to finish the film.

Another person who exposed the corrupt Child Protection Services network was Georgia Senator Nancy Schaefer. Before she was murdered, she had produced evidence of this corruption, and the main lecture she gave on that evidence is now hard to find on YouTube, so we have published it on our Bitchute channel.

This lecture and the report that she created cost her her career, and ultimately her life.

Nancy was interviewed by Alex Jones just 7 months before her murder, and it is the best interview I have watched on her work. The interview was originally broken up into several parts and published on YouTube, but most of those copies have disappeared.

We uploaded a copy of the interview to our Bitchute channel.

Another State Senator who tried to expose the corruption in CPS and child sex trafficking and was murdered in the summer of 2019 was Arkansas Senator Linda Collins-Smith. We covered her story in 2019, and it also has ties to child sex trafficking in Arizona, which I covered on a radio show I produced back in 2019 on KFNX out of Phoenix. See:

Is There an Arizona and Mormon Connection to Child Trafficking in Arkansas and Senator Linda Collins-Smith's Murder?

The radio broadcast we did is still on YouTube, and if it disappears just let us know and we will publish it on our other video platforms.

Much of this very evil Satanic ritual abuse and child sex trafficking happening in the United States was exposed in 2016 by Julian Assange and Wikileaks, which was named "Pizza Gate."

I believe this is the main reason why Hillary Clinton was thrown under the bus in 2016, because she had too many ties to this network.

Donald Trump was recruited instead, not because he wasn't involved in all this (there is evidence, including being in Epstein's black book, that Trump has been part of all this also, and a book published by investigative journalists chronicle dozens of women and girls who say they were sexually molested by Trump), but because he was not part of the political establishment but part of the Wall Street Billionaire club and could be counted on to usher in the Great Reset and the COVID plandemic and further enrich the Globalists and distract the public from concentrating on the evil child trafficking network.

This is my opinion, but it would also explain why the CIA probably developed “Q” and pretended to make Trump look like a “savior” who was going to come in and “drain the swamp” of all these child traffickers.

And it worked brilliantly as a distraction from the truth.

But just the opposite happened. He further enriched the Globalists, and carried out the COVID plan with great precision, distracting people with the very real problem of child sex trafficking and Satanic ritual abuse by concentrating on the “war against the virus.”

Biden was probably brought in to not only continue the COVID policies including rolling out the bioweapon shots, but to also reverse all the work done on our southern border to allow a fresh flow of children and criminals to keep the child trafficking and Satanic ritual abuse operation going.

I have been covering this issue for many years now, and it is why I have no hope that this country will ever see justice through our judicial system. It is thoroughly corrupt, and I have been threatened numerous times by judges in family courts, including district attorneys (mostly in Arizona), to take down our articles because they expose their corruption.

But by the Grace of God I am still alive, still publishing, and to date have NOT TAKEN DOWN ONE SINGLE ARTICLE on this topic.

Here is the article written by Russ Winter on The Finders.

The FBI Declassifies Files on The Finders and McMartin Pre-school Child Trafficking Cases

Winter Watch

In 1983, a woman named Judy Johnson from the affluent California community of Manhattan Beach went to the police, claiming that her 2-year-old son had been molested by Raymond “Ray” Buckey, a 28-year-old teacher at McMartin Preschool. Police began their investigation by notifying the parents of current and former students about the

possibility of sexual abuse their child.

Numerous children told similar stories of satanic animal sacrifices and sexual rituals in secret rooms at the school. By 1984, Buckey was arrested on 79 counts of child molestation. His mother was also arrested as a conspirator, as well as several other members of the Buckey family, because McMartin Preschool was owned and operated by the Buckey-McMartin family.

The children said they were warned that if they told anyone, their parents would be killed. And sure enough, just as Buckey's trial got underway in 1986 — a trial in which Judy Johnson was a key witness — she was discovered dead in her home, cause unknown. She was just 42 years old.

Almost exactly one year later, a former police officer who served as an investigator for the defense suicided himself at home.

With Johnson dead, Buckey's defense attorney was able to impeach her character during the trial. It was also argued that the testimony of the children had been influenced (or implanted) by the psychological examiners who interviewed them. Ultimately, Buckey was not convicted. A second jury deadlocked in 1990, and the case was dismissed.

For six years, the police and the FBI had actively investigated the McMartin Preschool case, according to the *Los Angeles Times.* After they closed their file — and the Buckey family revealed they had sold the shuttered McMartin Preschool to Arnold Goldstein for the development of an office building — frustrated parents of the abused children hired the subsequently retired chief and head of the Los Angeles FBI, special agent Ted L. Gunderson (1928-2011) to continue with the investigation, and commissioned an archaeological survey.

A decade later, you could find Gunderson speaking out about the McMartin case as well as a network of child molesters and traffickers called "The Finders."

For decades, the FBI's files on the McMartin case and The Finders were sealed. Not anymore. The agency declassified and released its files**.** It shows a decade of research spanning from California to Belgium.

The FBI Files

The investigation into the cases described cults, child sex trafficking and kompromat. In recent decades, the mainstream media has refused to report on such cases. Such cases (see below) have been “debunked” by the usual suspects that the Crime Syndicate uses for cover. But the FBI’s own investigation suggests the cases were real enough and points to cover ups.

A timeline of events is in the report.

From the news article “Officials describe ‘cult rituals in child abuse case” by Saundra Saperstein and Victoria Churchville of The Washington Post on Feb. 7, 1987:

> ‘Douglas J Ammerman’ and ‘Michael Houlihan’ were arrested at odd hours at a Tallahassee park with 6 unrelated children with no understanding of modern amenities, hot water, TV or phones. The children were reportedly bug bitten, wearing old and ragged clothes and 2/6 reported to have been ‘obviously abused.
>
> Before their arrests in the park, Ammerman and Houlihan had told police that they were teachers from Washington “transporting these children to Mexico and a school for brilliant children,” according to Hunt. When police asked the men where the children’s mothers were, “they said they were being weaned from their mothers.”

Pages 4-10 shows The Finders were caught many times, but various prosecutors declined to press charges. FBI, the U.S. State Department and others helped cover it up every time.

On page 39 we learn of a request that the FBI review original first-hand docs on The Finders instead of relying on previous agents summaries or review reports. Permission would be required to see the direct evidence.

On page 40 we see clues as to how the Crime Syndicate's star chamber sistema buries investigative evidence in the wrong agencies, making serious pursuit difficult. The U.S. Customs Service is the agency with briefing materials on The Finders. DOJ and FBI have to request copy of materials from USCS.

Page 41, evidence is turned over to US Attorney District of Columbia who refused to prosecute.

What's worse, page 50 from 1991 shows a memo on jurisdiction. It describes how the U.S. Postal Service, the FBI and USCS carve up the turf on child crimes. USCS has jurisdiction over "interdiction and international distribution of child pornography".

Note: “Recently the USCS experienced a massive reorganization. This … caused the Child Porn and Protection Unit to be integrated into the Smuggling Investigations Division. **All Units, Branches, and Sections were eliminated during the reorg**,” the report states.

So somebody in high authority had the power to wipe out a whole unit of agents on the cases. But those names are redacted.

Next we learn that several congressional committees were sniffing around, and that a never-aired documentary was in the works. The story of what happened here has fallen down the memory hole.

But this document ties in and confirms:

On page 41, the FBI report contains a link to a *Washington Post* article in which neighbors of one sketchy property said the residents were “a close-knit group of feminists who liked to help people and were not a cult.”The U.S. Attorney for D.C. declined to prosecute despite extensive evidence of abuse and satanic rituals. The case was complicated by the mothers being found, and possibly having given consent. US Attorney involved has an interesting career path to say the least.

The USCS was pursuing the case. Page 9 points to a cell and repeats the impregnation of females, and the trading of children and kidnapping. What kind of “normal child exploiters” have the operational security to breed and kidnap children for abduction?

On page 68, a D.C. police investigation concluded that a CIA employee (1950-1979) was a member of The Finders.

> “At Approximately 1530 hrs, 2/18/87 Dt. [redacted]

> spoke with S/A [redacted] reference any contact the members of the Finders may have had with the Agency, S/A/ [redacted] was guarded but frank in his responses. He confirmed that [redacted] Isabelle, now deceased, was an employee of the agency from 1950 until 1971”

WW Note: Likely Isabelle Pettie. Marion David Pettie, was the leader of the cult. “Dr. Greenberg” shows up and runs obfuscation.

The report later states that the CIA saw the D.C. police department as treading on their toes. On page 225, it refers to the “vested interest” of the CIA.

Report mentions bodies being buried on a Finders’ farm in Culpepper, Virginia. There were also cages. The role of the CIA is referenced, but it’s convoluted. It’s almost as if the more powerful agencies treat satanists as a special protected class. In today’s inverted, captured world, that wouldn’t be surprising.

Indeed, more evidence that there were white hats within the FBI trying to deal with the cover ups. Page 89-95: FBI tries to open an obstruction of justice case to determine if U.S. intelligence is involved.

The D.C. Metro police on page 67 also offered up a rather sketchy theory that The Finders was a CIA psyop of some sort, but it never concluded the obvious.

Page 68 states that during war time, The Finders' people visited restricted Moscow, North Korea and North Vietnam, "which could only have been arranged by the CIA."

Page 85 indicates another Finders property location. So far: Florida, D.C., Maryland, Virginia and Ohio. Funded: CIA Founder: CIA lifer into Satanism. Known activities: Breed and raise kids. "Shape" them. Deliver intel assignments.

Did page 214 show the redacted name of former Los Angeles FBI chief, the aforementioned special agent Ted Gunderson?

Page 69 shows that agents tried to pass a report to a contact in Europe, but the disc is intercepted and memory holed.

The next document, from pages 52 to 53, appear to be another jurisdictional grab, instructing that MPD investigative reports were to be classified secret and not to be shared with the FBI. Of course, today we have no idea who the white hats might have been behind the scenes. A star chamber hidden hand is keeping them in the dark. The second document shows the FBI being steered (aka controlled) to HQ level.

Page 99 from Nov. 12, 1993, shows the State Department asked the FBI to handle inquiries on a HQ level.

Winter Watch Takeaway

This seems to be about breeding or “finding” made brainwashed assassins and other operatives à la Don Brown’s “Angels and Demons.” These individuals are raised from infancy and are then inserted within the system as needed. That “Angels and Demons” assassin character may well be the revelation of the method and the template. Additionally, this was 30 years ago, back when white-hats elements were still in play. Today, agencies like the FBI and D.C. Metro are captured. White hats are shuttled to the boondocks, gotten out of the way,

An Important Note About McMartin Students and Debunkers

The McMartin preschool case was high profile at the time and became part of what the neuro-linguist programmers called day-care sex-abuse “hysteria, and moral panic” over alleged Satanic ritual abuse in the 1980s and early 1990s. But that doesn’t mean that “wild” and “impossible” stories told by the children don’t contain some elements of truth.

It’s as if debunkers haven’t factored in that hallucinogens and drugs were administered to affect the memory. No, that would require critical thinking, and pajama people are ready for the first feeble explanation. Additionally, the Crime Syndicate concocted the false memory syndrome.

One of the controversies in the case were reports by the children and speculation that there were tunnels and rooms under the school center. The debunkers ultimately succeeded in pigeon holing this into the realm of “crazy conspiracy theory.”

But lo and behold, we have confirmation of tunnels and rooms by the FBI itself!

Page 48-49 states tunnels were found at McMartin Preschool, as well as pentagrams and bones. It’s all part of a descriptive report shown below. Then, at the bottom, comes the standard WTF hidden hand shutting the investigation down.

O M G ! You have it all right. I learned some of this back in 94 when I tried to help someone involved. At that time I only had a small slice of the evil that was going on. I came out of it ok, but was convinced that taking on Satan in this matter was for those closer to GOD than I. I learned a lot more in the next 10 years. There was a price to be paid for messing with Satan and his Blood sacrifice.

I've known about sex trafficking for decades now, our government and elites have been doing for years now also been trying to take control of us. I find something very interesting about a section of your post. The section of DJT and Q, I supported Trump in both elections. I didn't know anything

about Q until after 11/3.

I started researching Q and following others to see what they say. I have seen Q post as references to events but nobody knows the events because they don't happen. If something does happen then people try to reference it to Q post. Your opinion about Trump & Q is very interesting I always look at the full picture before I make an opinion.

Watching what people are saying, following and waiting for things to happen is been just a huge game or merry go round. Makes people waiting and looking for just that beacon of light hope to be just spun around again. I see what's happening in the world if you don't take the shot you can't work, eat, buy food and even quarantine camps being setup. I saw Trump make a statement to take the third booster shot that it was safe and that he had taking the booster shot.

This isn't what I'm seeing happening right now that many are dying and getting sick doesn't seem so safe to me. What makes me step back on your opinion. is that it could be very true. Merry-Go-Round

These events happening now are from the Bible in Revelations and nowhere in Revelations does it state a Savior is coming to rescue us. It sates about false prophets and the coming of the Anti-Christ in Revelations, we are for sure in the end times I can feel it, the hope we are looking for and the prayers we are asking is coming when God come down with his army of Angels. We are so close to the end…..

I am now sickened at the fact that I was a foster mom for 15 years (I took in drug affected newborns)

I had no idea about this hideous evil going on!!!

I started taking in foster babies in 1982 and through the years my husband and I have adopted 5 children. (We have 2 biological children as well.)
We went into it as a ministry and prayed over every baby we took in.

Now I feel like I was a part of the evil system and it hurts my heart 😢

I will pray that all your hard work will produce the catalyst to get this evil stopped!!!! (But I'm afraid only the return of Christ is going to bring these people to judgement)

I pray God's blessing and protection over you and your family.

In His Mighty Name,
Sandy

Sandy,

Your email this morning was like a breath of fresh air to me! I have covered this issue for almost a decade, and I am NOT exaggerating when I say that your response is the very FIRST response I have ever received from a foster parent who was not trying to justify their participation in this very evil system.

I have been attacked by the Christian Right so many times, and the Christian foster parents who have emailed me in the past ALL attacked me and criticized me, because they just could not deal with the cognitive dissonance of being confronted with the TRUTH that the children they fostered or adopted were probably taken from families that did not want to give them up, but were forced to, and that the entire system is as evil and Satanic as anything else that exists in this evil world.

So THANK YOU for receiving the truth in humility, and grieving over it, which is the responsible and ethical response.

God Bless you!!

Seems like the only safe place for a child is not in this world. Selfish as it may be im confident in my choice not to incarnate any here. I experienced enough as a child to convince me this is a fallen world and no place for children.

I can understand your sentiment Erin, I really can, because I have studied this issue for many years, and know the dangers better than most.

But the world has always been a “fallen world” since Adam and Eve were kicked out of the Garden, and it takes a lot of hard work to live and raise children apart from the world system. But it is not impossible.

One has to stop using the Satanic world system as much as possible, and that begins at birth, by choosing NOT to have a baby in the evil hospital setting, where they may very well take your child away from you if you refuse their “services,” such as vaccines that they want to start injecting into babies the day they are born.

One has to first learn how to live without these “services,” which includes the medical system, the educational system, and the religious systems. Any place that requires you to be separated from your child, like a doctor’s office/hospital, a school (including private schools), or a place of worship or religious institution, exposes your child to the system that is full of pedophiles.

It is difficult, and it will almost always require one of the parents to not work outside the home, but it IS possible. And for those who make the effort to invest in their children this way, they could very well be the leaders of the future that work to destroy this evil system, if it lasts that long.

Your articles are valuable until you shift to nothing more than a gossipy leftist attempting to malign the character of DJT without evidence. “He was on Epsteins flight log” – anyone who has followed that case and accusation knows that once DJT flew on. a plane owned by Epstein. to NY (NOT to Pedo Island) DJT’s own plane was out of commission. The girls who testified agains Ghislaine said they never saw DJT on the island and he never flirted with them. We also know that Epstein did something to one of daughters of DJT’s employee. DJT subsequently banned Epstein from Mar Lago – we also know that when Epstein was first accused of sex crimes – DJT was one of the few that stepped forward to provide info against Epstein.

Kay, it is people like you, part of the Trump cult, that are allowing this horrendous child trafficking to continue to occur.

By labeling me as part of the “gossipy left,” you actually discredit everything else you say, as the many thousands of articles I have published over the years clearly show that I am not part of “the left,” and yet the Christian Right always wants to attach this label to anyone who does not agree with their views on DJT.

My info comes directly from attorneys who represent young girls allegedly raped by DJT but are seldom, if ever, reported by the corporate media, and some testimonies from the actual victims that I also have and have investigated.

There is a book that was published “All The President’s Women” by investigative journalists who uncovered over 43 cases of Trump sexually assaulting women and girls. https://www.huffpost.com/entry/all-the-presidents-women-barry-levine-monique-el-faizy_n_5db064d3e4b0048fac31b5a0

How do you actually know how many times DJT rode in Epstein’s plane? You are just parroting what his supporters say, and I seriously doubt you have done any real investigative work to try and find the truth.

Why did DJT associate with Epstein to begin with?

You and the Trump cult you belong to are a blight on American culture, and judgement by a Holy and Righteous God will be very thorough to those who worship Satan’s servants, like DJT.

You have condemned yourself with this public comment, choosing to try to defend your “savior” Trump, rather than stand up for all the horrible child victims that have been terrorized and abused by a very evil system, that Trump is obviously a part of. He has clearly demonstrated in past days that he is part of “the swamp” by promoting the bioweapon shots and encouraging everyone to take them, belittling those who speak the truth about them.

Repent now, before it is too late.

Back in the ‘80s I worked with a woman whose little niece went to the McMartin school. The child eventually told of these horrible goings on after the family found signs of sexual abuse on the little girl.

Because of what I've read on here I refuse to relocate to AZ – now I read it's in AR too. Can you possibly share a list of the safest states where children ARE NOT at risk from CPS?

There are none. As long as the federal programs are in place providing a flow of money into the state for taking children, it will remain a problem in every state.
